Muskoka Arts & Crafts Who We Are

Muskoka Arts & Crafts Inc. is the true heart of the visual arts in Ontario's Cottage Country. For fifty-six years, our not-for-profit organization has brought people together with artists and their art.

The seeds for Muskoka Arts & Crafts were sown in 1963 when Betty Reid, the Bracebridge librarian, asked a question in her newspaper column: "What would you think of having an arts and crafts sale during the summer when visitors are looking for something to take home to remind them of their holiday?" Fifty-six years later, more than 20,000 people visit the Summer Show on the third weekend in July to meet 200 artists from Muskoka and across the country.

In the mid 1960s, Muskoka Arts & Crafts began organizing workshops in a variety of subjects, and on a cold February evening in 1968, it held the community's first life drawing workshop at the high school. When the heating went out, the artists bundled up in coats, hats and gloves and drew a shivering model.

Other shows were added to the organization's repertoire. The Spring Members' Show was launched in 1977 and the first Christmas Show & Sale was held three years later. In the fall of 1989, Muskoka Arts & Crafts established the award-winning Chapel Gallery, Muskoka's first not-for-profit art gallery that displays artwork by local and Canadian artists. The gallery also serves as the organization's headquarters and a place to hold meetings, lectures and workshops as well as to display its permanent collection of art from Muskoka.

Muskoka Arts & Crafts supports the next generation of artists by sponsoring the Elene J. Freer Art Scholarship that annually provides \$1,200 for a graduating high school student from Muskoka who is pursuing a post-secondary education in the visual arts. Since 1988, thirty-four students have benefited from this support.

Other plaudits include establishing Muskoka as a designated arts community, participating in shows as far away as Toronto and helping new and returning artists to the area discover their true talent through workshops, shows and promotional opportunities.

Muskoka Arts & Crafts is an innovative and creative organization. Membership is open to anyone who lives, works or owns property in Muskoka, or has year-round gallery representation. Memberships are available at the Chapel Gallery, by download at www.muskokaartsandcrafts.com or by calling 705-645-5501.

The office for Muskoka Arts & Crafts is housed at the Chapel Gallery that is located next to Woodchester Villa, an octagonal house and historic site at 15 King Street in Bracebridge. The Chapel Gallery is open Tuesday to Saturday, from 10am to 1pm and 2pm until 5pm.

Mark Harwood ~ Harwood Water Craft

I build custom wooden boats at my shop in Muskoka. Add a distinctive, beautiful, and enjoyable wooden sail or rowboat to your dockside. "A craft timeless, in act with nature so sublime. A punctuation mark, on the serenity of your shoreline. A movement of passion, through the moments of your Primetime. Pleasures very craft, on your drift to peace of mind. A checkmark on, the memory of your timeline. Let art have function, and be doubly employed. To beauty and grace, in equal measure enjoyed."

Clinton Jammer ~ Heart of Nature Gallery

NEW TO MUSKOKA

Come explore the Heart of Nature Gallery featuring original wildlife paintings and limited edition prints by artist Clinton Jammer.

A self-taught artist raised in Port Perry, Ontario, Clinton began drawing in pen and ink when he was a young boy. Much to the chagrin of some of his teachers, instead of taking notes on the "lesson of the day," Clinton could be found etching what was most certainly the beginnings of future paintings into the pages of his school notebooks. In his late 20s, he began to approach painting seriously.

Clinton's paintings are recognized internationally for their high level of realistic detail. Each painting he creates reflects the strong influence nature has always had on his life. Throughout his career, Clinton has also been an avid supporter of nature and wildlife conservation, over the years raising tens of thousands of dollars for various organizations and causes through donated paintings and sponsored print sales.

Dan Kangas

Dan creates his fish and other northern creatures with one rule in mind: there are no rules. He uses reclaimed materials and his design ingenuity to create these stunning sculptures. According to Dan, "There is beauty in rust and stories to be told from worn and weathered things." Rustic artifacts often complement the driftwood bodies, old tools and steel roofing become fins, door pulls become eyes, gears and pulleys are placed in such a way that they almost look functional. This year Dan has been experimenting creating metal fish. "I made one and loved it and now I'm hooked." A little fish humour here.

MUSKOKA ARTS & CRAFTS INC.

The Muskox by Hilary Clark Cole, AOCAD

The Muskox is a magnificent life-size sculpture that is a study of a windswept Northern survivor. As the Corten weathering steel has mellowed to Muskox umber and black, curious hands have kept his eyes, nose and horn shiny, giving him more life than the artist could have imagined. This marvelous sculpture is a recognizable symbol of our Canadian North. Learn how this sculpture came to life and how to purchase it for your private, corporate or public collection by requesting a PDF booklet. \$125,000 + HST F.O.B

The Chapel Gallery

The Chapel Gallery has been the home of Muskoka Arts & Crafts since the fall of 1989. Muskoka Arts & Crafts acknowledges the support of the Town of Bracebridge through the rental of the building that houses the Chapel Gallery.

Located in a beautiful setting overlooking the Muskoka River and downtown Bracebridge, the Chapel Gallery has been the venue for exhibitions by a variety of local talent and noteworthy Canadian artists such as Denis Geden, Mendelson Joe, as well as the late Doris McCarthy, John Gould and Michael Robinson.

The Chapel Gallery is also the setting for an array of lectures and workshops offered to the organization's members and the public alike.

Housed at the Chapel Gallery is Muskoka Arts & Crafts' Permanent Collection. Established in 1985, the collection represents those works of art which document and represent the artistic excellence of Muskoka Arts & Crafts and the diversity of its members.

Welcoming visitors to the Chapel Gallery is a magnificent life-size sculpture of a muskox created by Gravenhurst artist, Hilary Clark Cole, AOCAD.

The Chapel Gallery has received multiple awards as the best gallery in Muskoka by the readers of the Muskokan, Bracebridge Examiner and the Gravenhurst Banner. It is a must-see for visitors interested in the arts in Muskoka.
